## GIVING BACK

Aman properties around the world are an integral part of the communities in which they are set, providing unique insight into the lives and needs of each community. At this time of year, when reflection and counting our blessings go hand in hand with reaching out to those less fortunate, we are pleased to be able to share our local initiatives.

### Unakuruwa Government School

This festive season we are pleased to be initiating support for the nearby Unakuruwa Government School, a cornerstone of our local community. The school plays a vital role in shaping the future of children, yet it faces significant challenges in terms of basic facilities and resources.

Recognising the importance of providing a nurturing and conducive learning environment, Amanwella is dedicated to assisting with the development of the school, ensuring that every child has access to the quality education they deserve, which is essential for their personal growth and success. Through this initiative, we aim to enhance the school's condition, provide essential learning materials and create a more supportive and engaging atmosphere. We believe that by investing in these young minds, we are contributing to the betterment of our entire community.

Please join us in making a donation with the Guest Assistants team, should you so wish.

### Navjeevana Centre

One of Sri Lanka's pioneer organisations for disabilities, this year, Amanwella enlists Santa Claus's assistance with gift giving to less fortunate children at the Navjeevana Centre. The centre offers rehabilitative services and champions disability rights on a national scale.
