Wellness at Amanwella

Wellness is more than being healthy in body and mind. It is a dynamic process of change and growth, a state of complete physical and mental wellbeing. Aman's spa concept has been carefully curated with four pillars of wellness in mind – nutrition, movement, psychological health and bodywork – with the goal of achieving Integrated Holistic Wellness for every guest. Treating the whole – mind, body and spirit – by integrating ancient healing practices with the best of modern science, Aman strives to provide guidance, support and knowledge in a journey that we hope extends far beyond the physical boundaries of Aman Spas. Our aim is for guests to leave empowered and renewed, with the tools to continue their wellness journey at home, and the resilience and focus to put them into action.

A New Spa Language

Healing has fascinated humankind since ancient times. Today, we have access to time-tested healing systems, as well as cutting-edge modern medicine. Some ancient practices are now proven. Others have evolved over millennia and simply offer benefits beyond explanation.

Ancient healing systems, such as Ayurveda and Traditional Chinese Medicine (TCM), are based on complex theories of the human body and mind. They incorporate aspects of health otherwise unexplored in complimentary medicine.

Entering this realm reveals a captivating new language that seeks to unravel the mysteries of how our bodies function. However, one need not grasp the intricacies of the philosophical underpinnings of traditional healing to reap its benefits. Aman Spa is dedicated to demystifying this language, inviting those curious to explore further.

Our Spa menus draw inspiration from traditional healing systems the world over. Simply ask our expert therapists to understand more about any of our ingredients or treatments.

Aman Signature Treatments

Aman's line of all-natural skincare products draws on the wisdom of ancient wellness traditions while harnessing the power of nature. Rare and precious ingredients include pearls, healing tree oils, amethyst, jade, frankincense and palo santo, as well as oxygen-rich spring water and wild-harvested Amazon butters.

The range - made up of smoked body balms, fragrant dew mists, spoiling body oils, invigorating polishes and anti-ageing serums - is made from organic ingredients sourced from around the world for their purity and potency, and their close connection to Aman destinations.

Each product works holistically to nurture and enhance overall wellbeing, soaking deep into the skin to nourish and rejuvenate, meeting emotional as well as physical needs.

Grouped into three healing pathways - Grounding, Purifying and Nourishing - the products contain ingredients that work in sequence with the human body to promote change and restore balance. Bringing the physical and emotional into harmony, they aim to holistically fine-tune the body and mind, with tangible, long-lasting results.

Aman Signature Treatments

Nourishing Body Polish & Wrap Ritual

Encouraging the body to enter a phase of deep rest, this nutrient-rich treatment includes jade powder – known to hydrate, tone and rejuvenate – in both the scrub and wrap. The scrub also contains healing calendula oil, restorative amethyst powder, essential oils and Himalayan salts that soften the skin. The mud wrap combines the nourishing effects of jade powder with mineral-rich clay, toning rose hydrolat and anti-inflammatory argan oil. The treatment ends with a Sacred Heart Balm, applied to the whole body.

Aman Advanced Facial

A wholly rejuvenating experience incorporating Aman's newest skincare collection, Essential Skin, the exclusive Aman Advanced Facial combines effective formulas made in Japan, with exfoliation and manual lifting techniques to stimulate facial muscles, welcoming tighter, brighter skin.

The treatment begins with ultrasonic scrubbing to cleanse pores, supported by the use of microcurrent stimulation and massage to firm, and cryo bulbs to eliminate puffiness. The use of red and blue light therapy follows – a natural way to provide multiple benefits to the skin – before the treatment concludes with the application of the Aman Nourishing Gold Algae Face Mask to achieve an exceptional glow.
