## Giving Back

Aman properties around the world are an integral part of the communities in which they are set, providing unique insight into the lives and needs of each community.

At this time of year, when reflection and counting our blessings go hand in hand with reaching out to those less fortunate, we are pleased to highlight a cause very close to our hearts.

Amanyara proudly supports the Oseta Jolly Primary School located in nearby Blue Hills. The school's humble beginnings can be traced back to the 1940s and a single, small building along Blue Hills Road. Today, the campus has grown in capacity and programme diversity, supporting up to 500 youths from elementary to high school grade levels. Despite campus growth challenges, and student displacement due to Hurricanes Irma and Maria, the school remains resilient, recently celebrating 50 years since its relocation to the current campus, now set within Amanyara's local neighbourhood.

Amanyara gladly supports this neighbouring campus in its endeavours.

To find out more about how you can join our fundraising efforts or make a donation, please speak to our Reservations team.
